

Q&A for RFP - Web site Redesign, Development and Maintenance Services

1. Q: Do you have budget ranges for both the website redesign/development and ongoing maintenance?
 - a. No, there is nothing currently budgeted. Through this process the Board will select the route they want and approve the related budgetary increases.
2. Q: Who's been maintaining, supporting, and hosting your current website?
 - a. Current website design and hosting has been done in-house for the past 20 years.
3. Q: What websites have you seen that you think would be a good fit for your District?
 - a. This is a more personal preference, therefore this is not a question we would be able to answer.
4. Q: What other Water District websites do you like?
 - a. This is a more personal preference, therefore this is not a question we would be able to answer.
