

MEMO

TO: District Manager
FROM: GIS/Engineering Technician
SUBJECT: ENGINEERING DEPARTMENT STATUS REPORT
DATE: July 31, 2008

RECOMMENDATION:

It is recommended that the Board of Directors review and file the Engineering Department status report for the week ending August 1, 2008.

BACKGROUND:

FELTON WATER SYSTEM MAPPING

Staff is working to provide water distribution system mapping of the Felton water system to the Operations Department. The District received a digital copy of the current water system map used by CalAm. Copies of this map have been distributed to the Operations Department. Staff will be incorporating the Felton water system information into our Water Distribution System GIS.

LOWER PASATIEMPO TANK OVERHEAD UTILITY MODIFICATIONS

Staff is working with the Operations Department to provide plans, required to obtain permits from the county, to underground a section of overhead utilities along the access road to the Lower Pasatiempo Tank.

ADDITIONAL PROJECTS

Staff is preparing several meter installations as well as assisting the Operations Department with other misc. projects.
