

MEMO

TO: District Manager

FROM: GIS/Engineering Technician

SUBJECT: ENGINEERING DEPARTMENT STATUS REPORT

DATE: Nov 13, 2008

RECOMMENDATION:

It is recommended that the Board of Directors review and file the Engineering Department status report for the week ending November 14, 2008.

BACKGROUND:

SLVWD AREA AERIAL PHOTOGRAPHY

Staff received notification from AMBAG and the S.C. County GIS Dept. that the new high resolution aerial photographs of our system are complete. I will be meeting with them next week to receive copies of the new aerials for our use.

FELTON AREA PARCEL AND OWNERSHIP DATA

Staff prepared and delivered copies of the existing Felton area water distribution system mapping to the Operations Department for use by the field crew. I also obtained the current database with the ownership and address data from the County of Santa Cruz GIS Department. This data was forwarded to the Operations and Finance Departments. Staff also received mapping from the county with each parcel, in the Felton system area, labeled with the street address. These maps were also provided to the Operations Dept..

BULL CREEK BRIDGE PROJECT – HILLSIDE DR. – FELTON

Staff is providing technical assistance to the Operations Department and engineers for Cal-Am Water for the construction of a bridge, access road and pipeline that will cross Bull Creek.

ADDITIONAL PROJECTS

Staff is preparing several new meter installation reviews.
