

## MEMO

To: Board of Directors  
From: District Manager  
Subject: DISTRICT WEBSITE  
Date: March 13, 2009

### **RECOMMENDATION:**

It is recommended that the Board of Director's discuss the District's website and provide direction to Staff. Further, it is recommended that the Board consider appointing an ad hoc committee to focus additional attention on development of the District's website.

### **BACKGROUND:**

During the course of public comment during the last two (2) Board of Director's Meetings, your Board received comments and criticism regarding the District's website. Generally, public comment focused on the need to provide the District's constituents with more information via the District's website and to make the website more user friendly. The website is an asset which provides public accessibility to the District.

It is recommended that the Board of Director's discuss the District's website and provide direction to Staff. Further, it is recommended that the Board consider appointing an ad hoc committee to focus additional attention on development of the District's website.
