SAN LORENZO VALLEY
WATER DISTRICT

Dear Board Members;

I am asking for some relief from charges of \$4800 for an increased size water meter. I built and live in a 480 sq. ft. house on my property along with a 900 sq. ft. residence occupied by my ex-wife. We are the only occupants of the property and both our names are on the deed. I am retired and doing the most affordable housing I can. The District rule on 2 or more dwellings dates back several decades and should probably be reviewed. I had no idea of this rule and had never been informed by the County. Please help me correct this situation.
Thank You
John Zuris
