WEEK ENDING MARCH 12, 2010
DATE: March 12, 2010

RECOMMENDATION:

It is recommended that the District Manager review and file the Operations Department Project Status Report for the week ending March 12, 2010.

BACKGROUND:

FELTON WATER SYSTEM ACCOUNT REVIEWS

Staff continues with the third group of in field account reviews of service connections in the Felton Water System. This review is to obtain important base line data in regards to meter sizing, multiple user sizing, cross-connection control, fire service, and water meter locations. Field reviews are being performed by meter book, in which approximately 200 service connections are in each book, with a total seven books. To date Staff has completed two meter books in-field house by house reviews totaling approximately 400 service connections and is continuing in the third group.

WATER METER REPLACEMENT FELTON WATER SYSTEM

During the reporting period staff continued with water meter change-out program in the Felton Water System. Parts of Felton Water were found to have water meters over 25 years old and several non-operating meters were discovered. Staff is upgrading the meters to match the North Water System. There are approximately 600+/- meters in the Felton that will be changed out. To date 400 meters have been changed out.

OLYMPIA WELL FIELD SECURITY

During the reporting period staff continued with the installation of a security system at the Districts Olympia Well Sites. Closed Circuit Television Cameras (CCTV) are being installed at all the Districts well sources of supply in accordance with the Districts vulnerability assessment to vandalisms and terrorism. To date the District has approximately 26 CCTV installed at various locations.
