

MEMO

TO: District Manager

FROM: Engineering/GIS Department

SUBJECT: ENGINEERING DEPARTMENT STATUS REPORT
WEEK ENDING APRIL 9, 2010

DATE: April 6, 2010

RECOMMENDATION:

It is recommended that the District Manager review and file the Engineering Department status report for the week ending April 9, 2010.

BACKGROUND:

LONE PINE LANE 6" MAIN EXTENSION – SCOTTS VALLEY SYSTEM

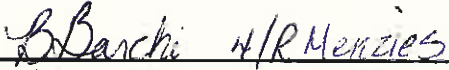

The contractor has completed installing the 6" water main and appurtenances. Staff has not yet received scheduling for the pressure testing and disinfection phase of the project.

CAMP CAMPBELL IMPROVEMENT PROJECT

Staff has been notified by the contractor that the hot-tap for the fire/domestic water service to the new maintenance building will be installed soon. Staff has not yet received the parts submittals and construction scheduling. The contractor is also compiling submittals and design drawings for the new 8" water main to the Redwood Village complex as well as the water and fire service to the new lodge facility.

VARIOUS PROJECTS

Staff worked with the Operations Director and Environmental Analyst and completed additional mapping of the roads and trails located within the Olympia property. Staff is working with several customers on their meter upgrades and fire service connections. Staff is continuing work on the Water Distribution System GIS Project and the 800 Scale Water Distribution System Map.

Rob Menzies
GIS/Engineering Technician
