

MEMO

TO: District Manager

FROM: Engineering/GIS Department

SUBJECT: ENGINEERING /GIS DEPARTMENT STATUS REPORT
WEEK ENDING JUNE 11, 2010

DATE: June 10, 2010

RECOMMENDATION:

It is recommended that the District Manager review and file the Engineering/GIS Department status report for the week ending June 11, 2010.

BACKGROUND:

LONE PINE LANE 6" MAIN EXTENSION – SCOTTS VALLEY SYSTEM

Staff has been notified by the contractor that the pressure testing and disinfection of the new 6" water main and appurtenances will be scheduled to take place after staff returns on July 1.

CAMP CAMPBELL IMPROVEMENT PROJECT

Staff has received the final stamped construction plans and submittals for the project. The submittals have been approved and the contractor will schedule and then proceed with construction of the water system improvements after staff returns on July 1.

VARIOUS PROJECTS

Staff is working with several customers on their requests for meter relocations. Staff is also working with several customers on their domestic meter upgrade/fire services as well as several requests for new service. Staff compiled and delivered aerial photography of the District watershed properties to a consultant at the request of the Environmental Analyst.
