

WATER EFFICIENCY TIPS

from the
San Lorenzo Valley Water District

The most efficient way to save water is by restricting outdoor water use . . .

No car washing, except with a bucket and hose with shut-off nozzle.

No washing of sidewalks, patios, decks, driveways, exterior building surfaces.

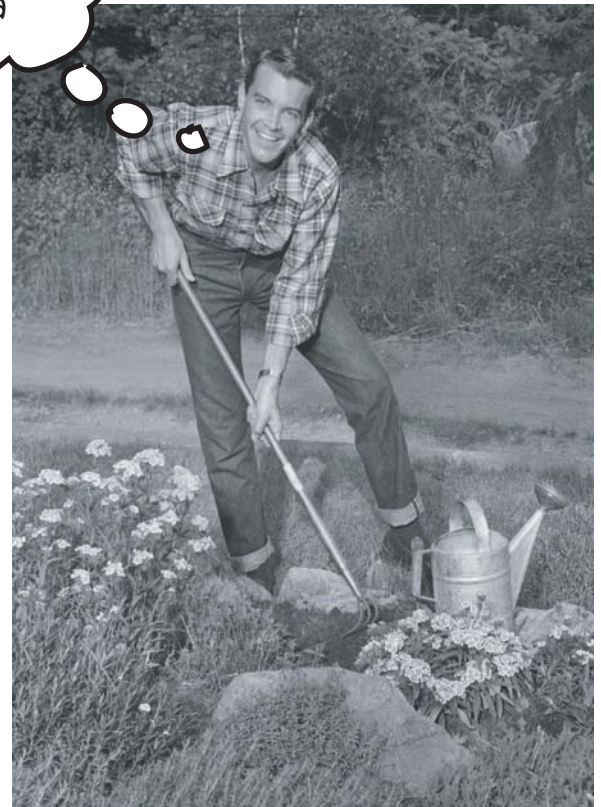

I installed a drip irrigation system!

I planted California natives!

Outdoor watering is prohibited from 9:00 a.m. - 6:00 p.m.

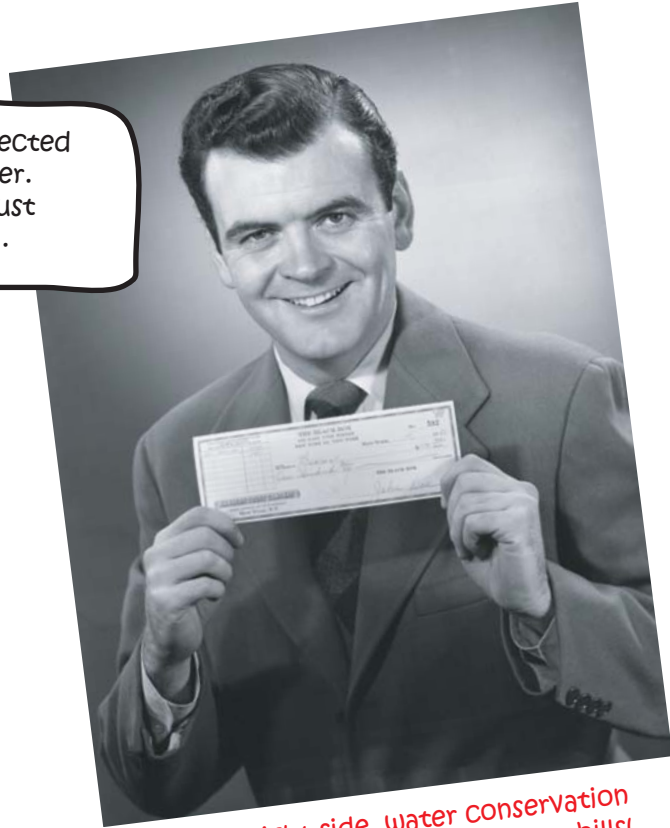

Avoid wasting water! Fix broken or leaky plumbing, sprinklers & irrigation systems.

San Lorenzo Valley Water District's Phase 2 Drought Contingency Plan remains in effect.

No rain expected until October. Everyone must conserve . . .

On the bright side, water conservation can save you money on your water bills!

After 2 years of low rainfall totals, conservation is needed to sustain water supplies through the summer.
