

Residential Greywater System Credit Application for Approval

San Lorenzo Valley Water District (SLVWD) offers credits to residential customers that install qualifying greywater systems to irrigate landscape. Greywater is wastewater collected from the following sources: laundry, showers, bathtubs, and bathroom sinks. Please see our website at www.slvwd.com for more information on greywater systems or call (831) 338-2153 for assistance.

This credit requires a post-installation inspection by SLVWD staff. Please read all the Credit Program Requirements on the back side of this application for approval. All credit applications for approval require the signature of the property owner (if different than the applicant).

Indicate the greywater credit type and the total purchase price for all system parts and materials (excluding Sales tax and labor). Complete the Account & Applicant Information below.

Greywater System Type	Credit Amount	Permit Number	Purchase Price for System
<input type="radio"/> Laundry to Landscape	\$150	N/A	
<input type="radio"/> Shower to Landscape	\$150		
<input type="radio"/> Bathroom Sink to Landscape	\$150

Applicant mailing address (if different from property address) City State Zip Code

Daytime Phone Number Alternative Phone Number e-mail address (optional)

**Complete both sides of application for approval.
See other side for credit program rules, requirements and signatures.**

Residential Greywater – Credit Application for Approval: Rules & Requirements

1. Credit application must be submitted for approval prior to installation. Installation must be complete within 60 days of item(s) purchase. An original, dated sales receipt showing itemized cost for the credited item(s) must be provided. If you need the original receipt(s) returned, please enclose a self-address, stamped envelope with your credit application for approval. For online purchases, a print out of the final invoice and an original packing or delivery slip is required.
2. All credit application for approvals must be signed by the legal property owner.
3. Backflow protection is required on any greywater system that uses a pump to distribute the greywater, or if a surge tank larger than 250 gallons is used to disperse greywater. Greywater may not be stored for more than 24 hours.
4. The credit applicant must identify and comply with all applicable state and local (i.e. County of Santa Cruz) laws pertaining to greywater systems.
5. A copy of the building permit must be submitted with the credit application for approval for all greywater systems connecting to a source other than a clothes washing machine.
6. A representative of San Lorenzo Valley Water District (SLVWD) must be permitted to inspect the property to verify installation and proper construction.
7. The maximum greywater system credit is \$150 per fixture per property.
8. No credit will exceed the purchase price of the item(s) or materials(s). Sales tax and labor are not credited.
9. The credited equipment must be installed in an existing SLVWD service address and must be installed prior to credit request. New development is not eligible for credits.
10. Credits are applied as a credit that will appear on a subsequent water bill. The account must be in good standing to receive a credit. Upon closing an account, any credit balance will be mailed to the account holder. Allow four weeks from the date of approval for credit processing.
11. You will be issued a check in lieu of a credit if: (1) your SLVWD water service is in the name of your Home Owner’s Association or Condominium Board and you are the legal property owner of your dwelling unit; or (2) you are the legal property owner (but not the account holder) and you purchased the credited item(s) for your rental property.
12. Installation of any credited device, appliance or fixture is the sole responsibility of the applicant, as is determination of the adequacy and compatibility of the existing plumbing system.
13. SLVWD does not endorse specific brands, products or dealers; nor does it guarantee materials or workmanship; acceptance of such is customer’s responsibility.
14. SLVWD assumes no responsibility or liability for any damage that may occur to an applicant’s property as a result of participation in the program. Due to circumstances beyond its control, SLVWD cannot guarantee that installation of credited fixtures or measures will result in lower utility costs.
15. The applicant is solely responsible for the proper disposal of all materials associated with the installation of credited fixtures and equipment and SLVWD assumes no responsibility or liability. Please recycle materials.
16. SLVWD may at any time, modify, suspend, or terminate this program without prior written notice.
17. Incomplete or illegible application for approval will be denied.

I have read, understand, and agree to the Credit Program Rules & Requirements as stated above.
