The San Lorenzo Valley Water District is implementing a system so that residents and businesses can be notified of general information or local emergencies with a voice message, email or text. This can vary from a past due payment alert, main break or other emergencies. We are able to add and update resident and business contact information at any time. This is a private listing, your information will not be shared with any other entities. Please fill out the information below and alerts will begin once the program is implemented.

*Voice messages will be implemented first. Text and e-mail alerts will be available later in the year.*
