

Figure 7-1
SLVWD Water Production, WYs 1985-2008

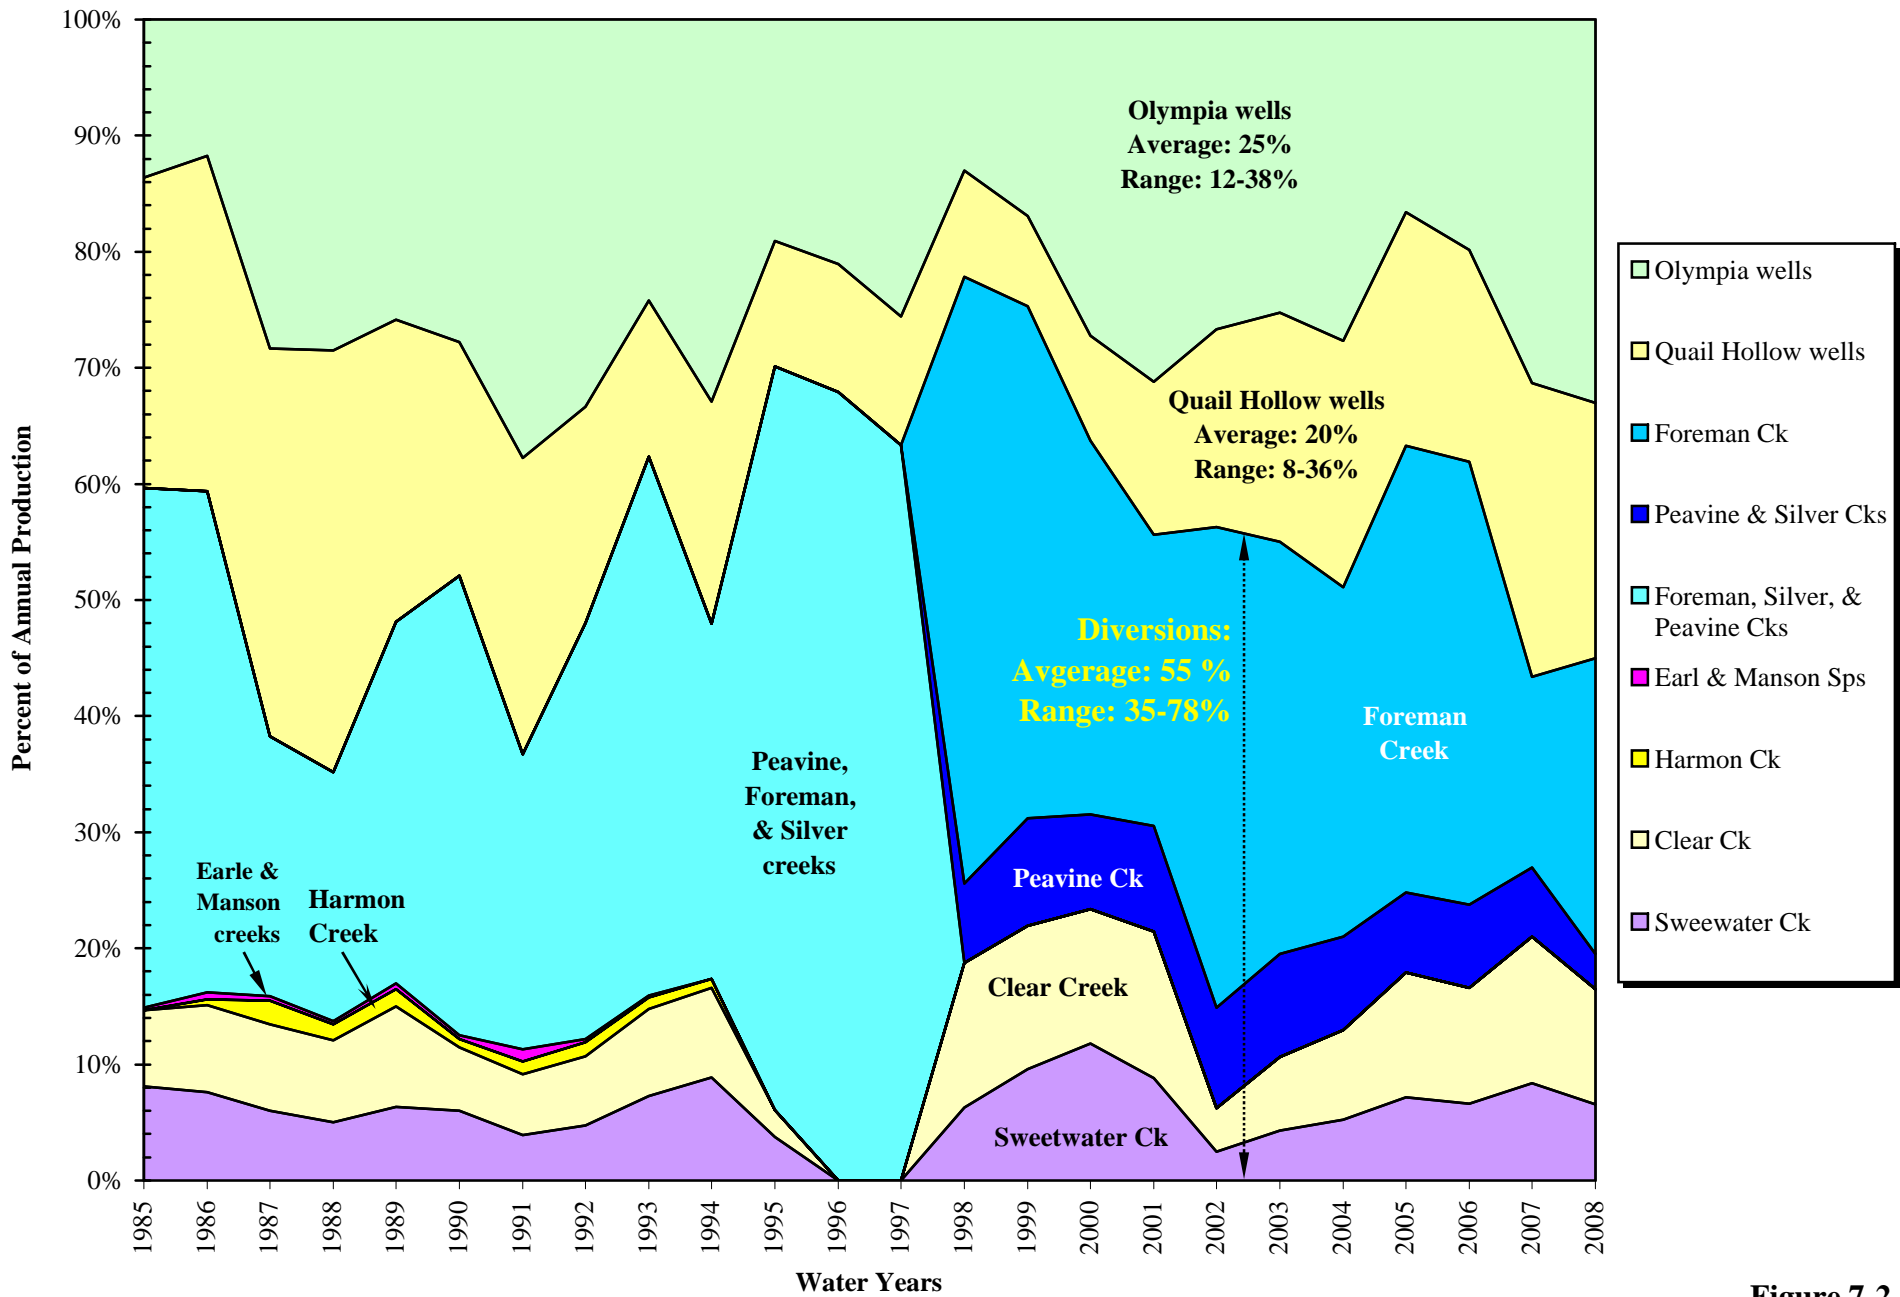

Figure 7-2
Proportional Use of SLVWD North-System Sources, WYs 1985-2008

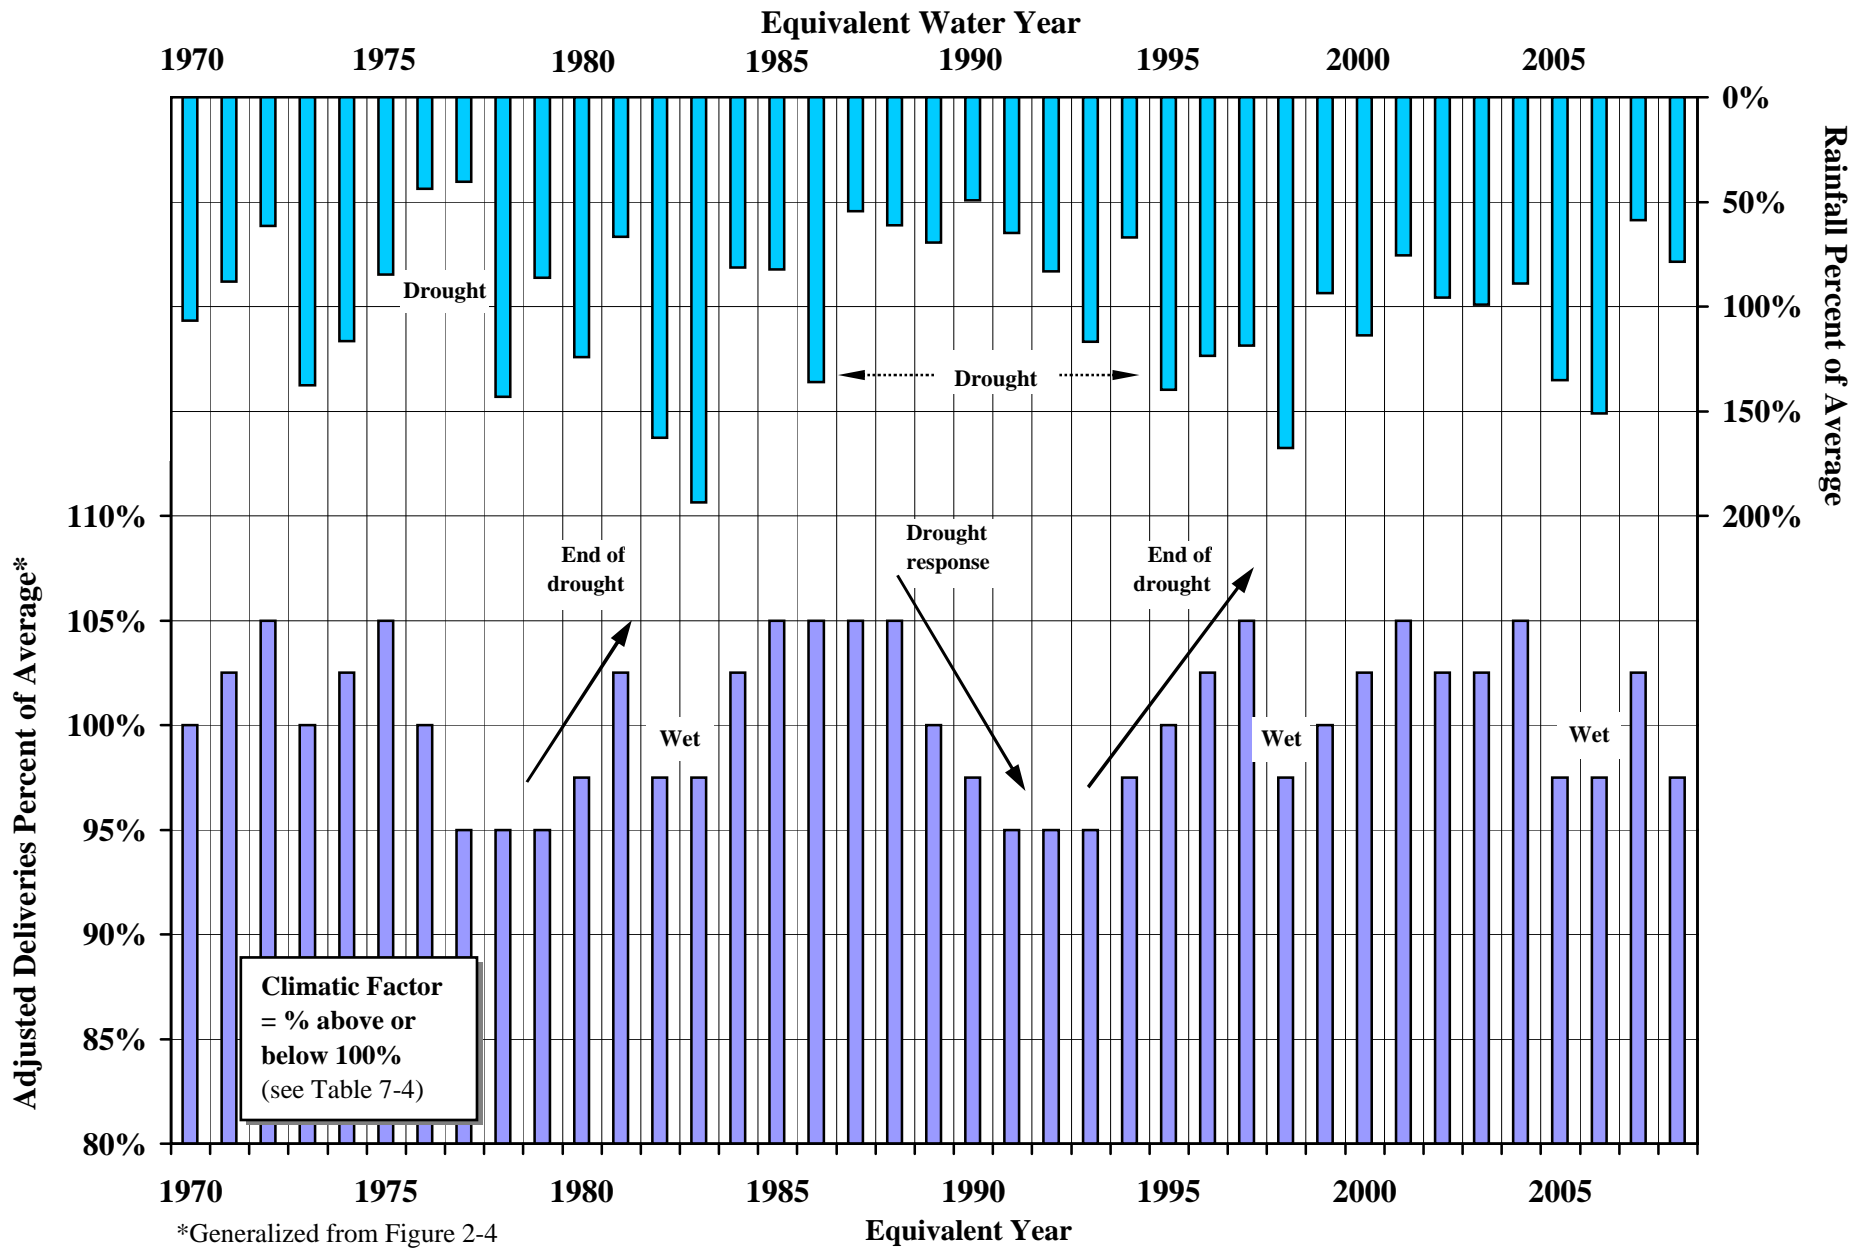

Figure 7-3
Assumed SLVWD Demand Response to Repeat of WY 1970-2008 Climatic Cycle

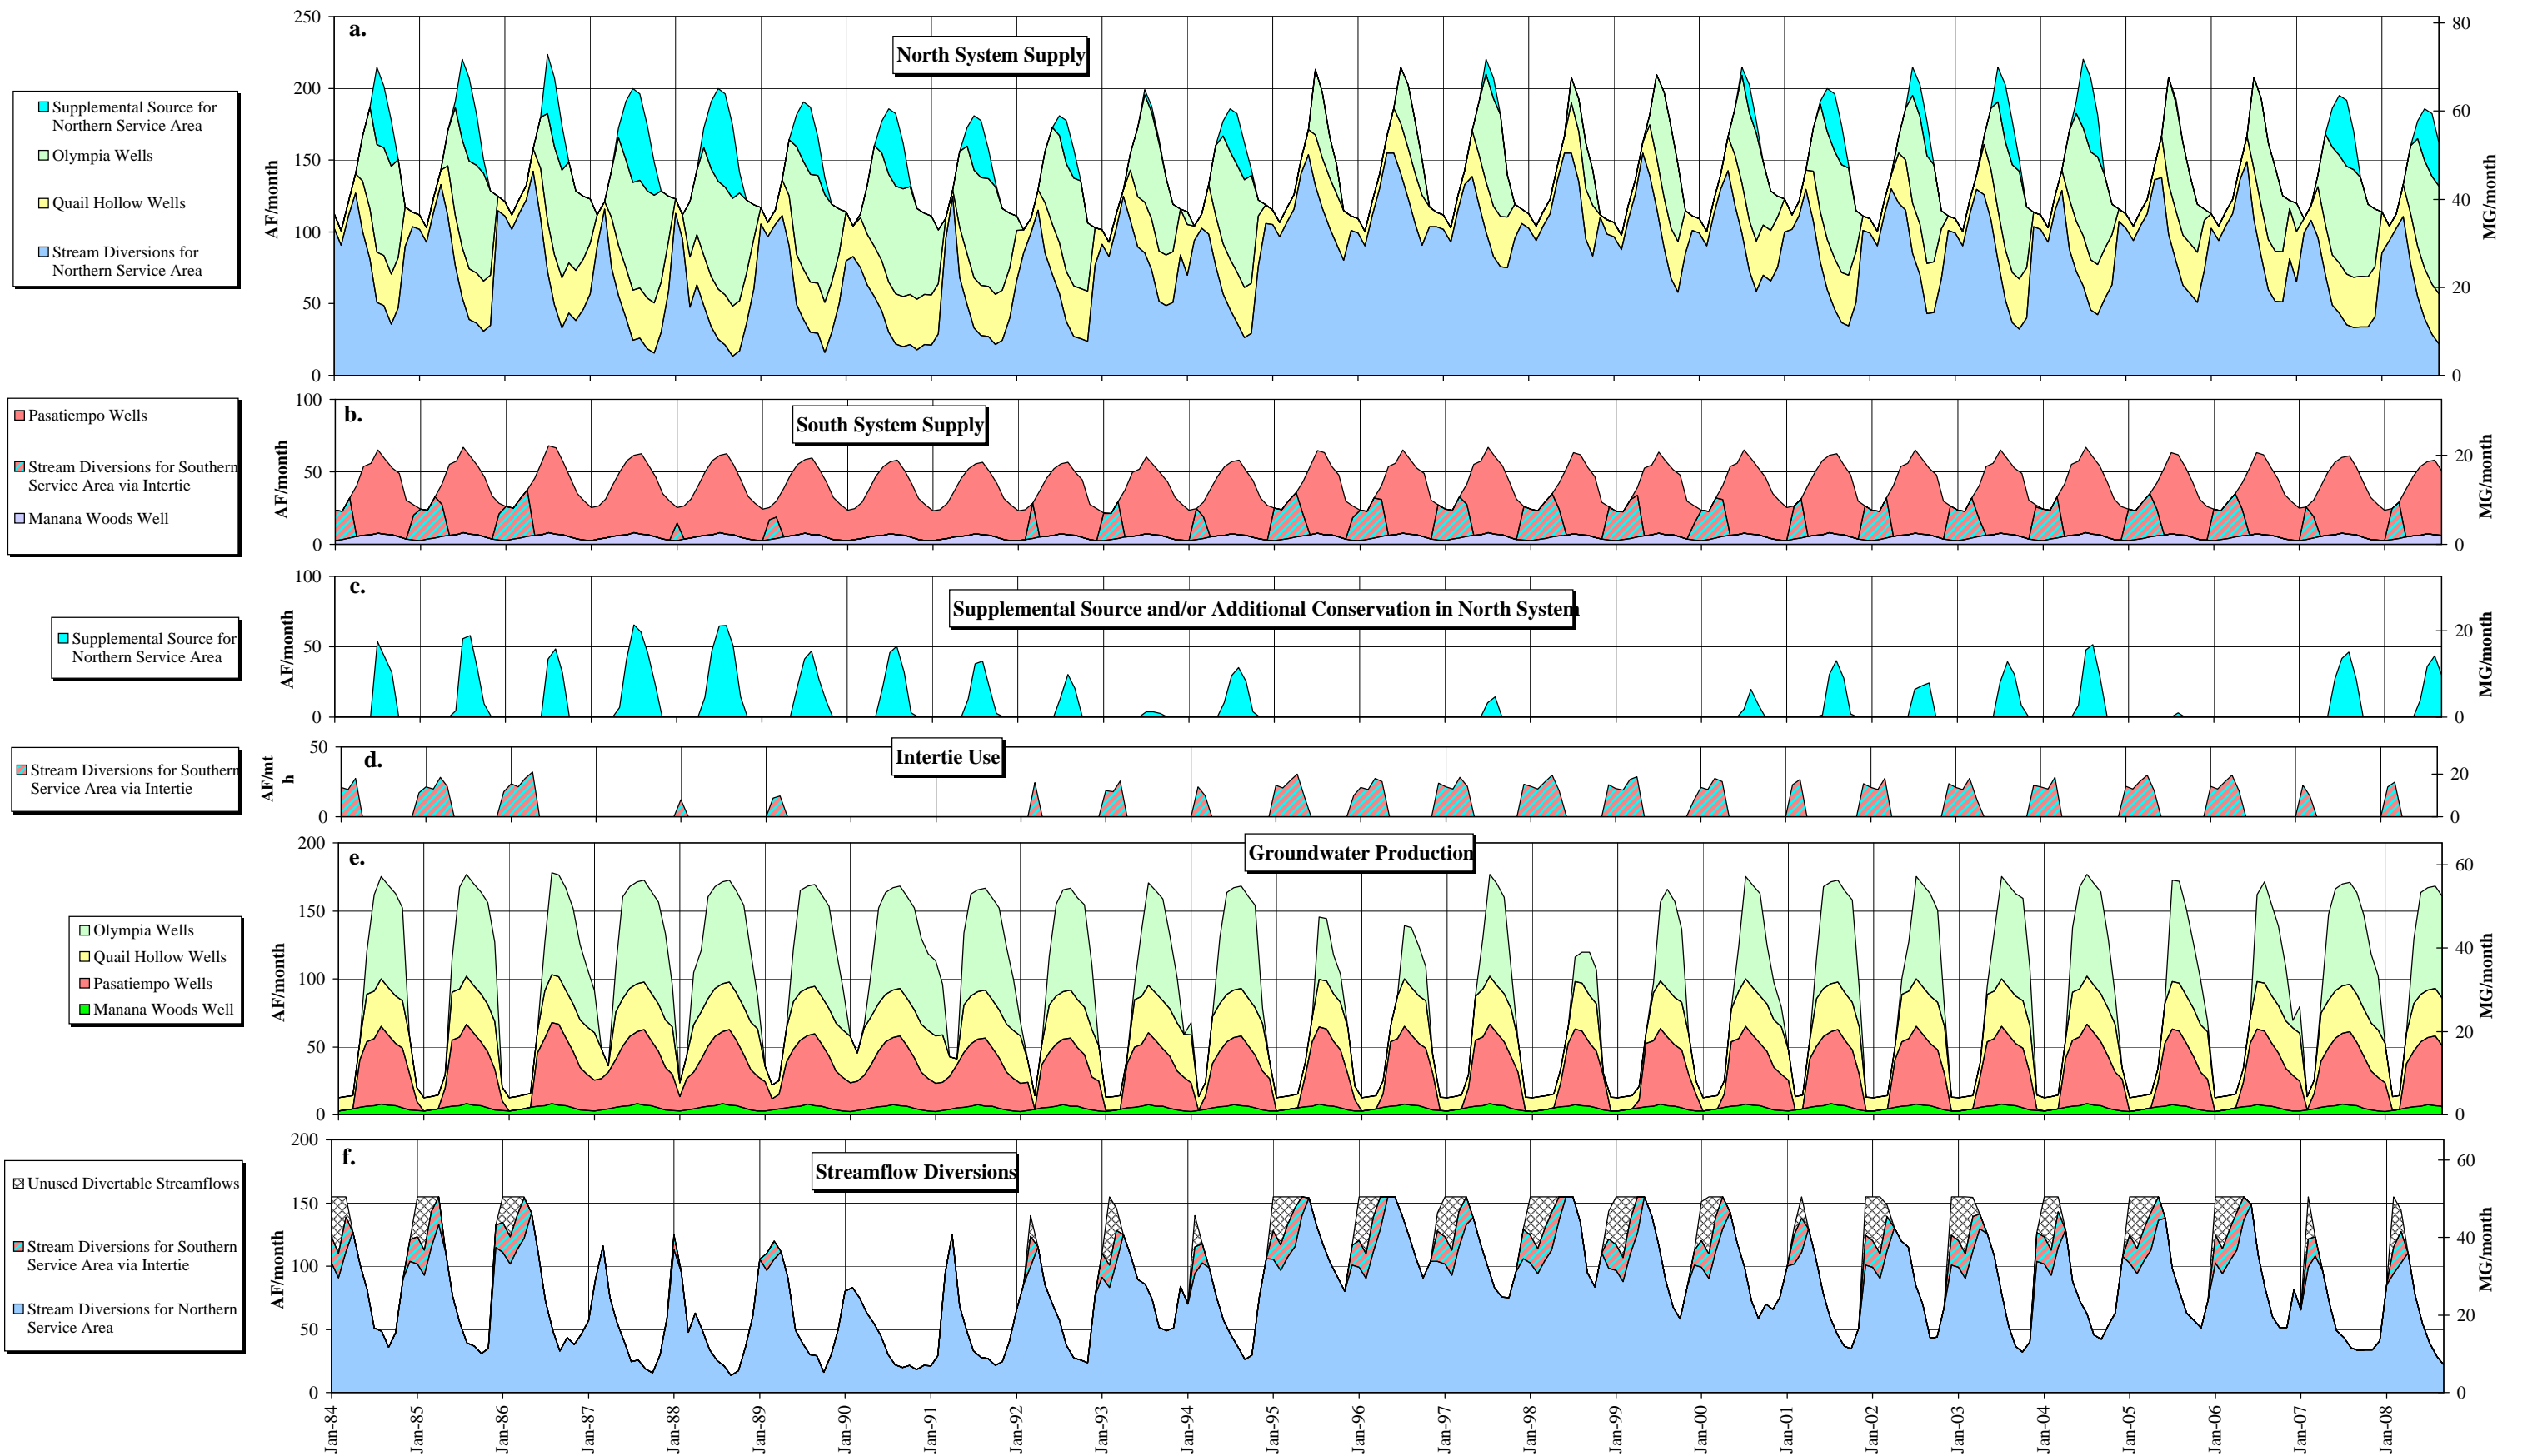

Figure 7-4
SLVWD Monthly Production Assuming 2030 Demand, WY 1985-2008 Climatic Cycle, and Conjunctive Use Scenario A

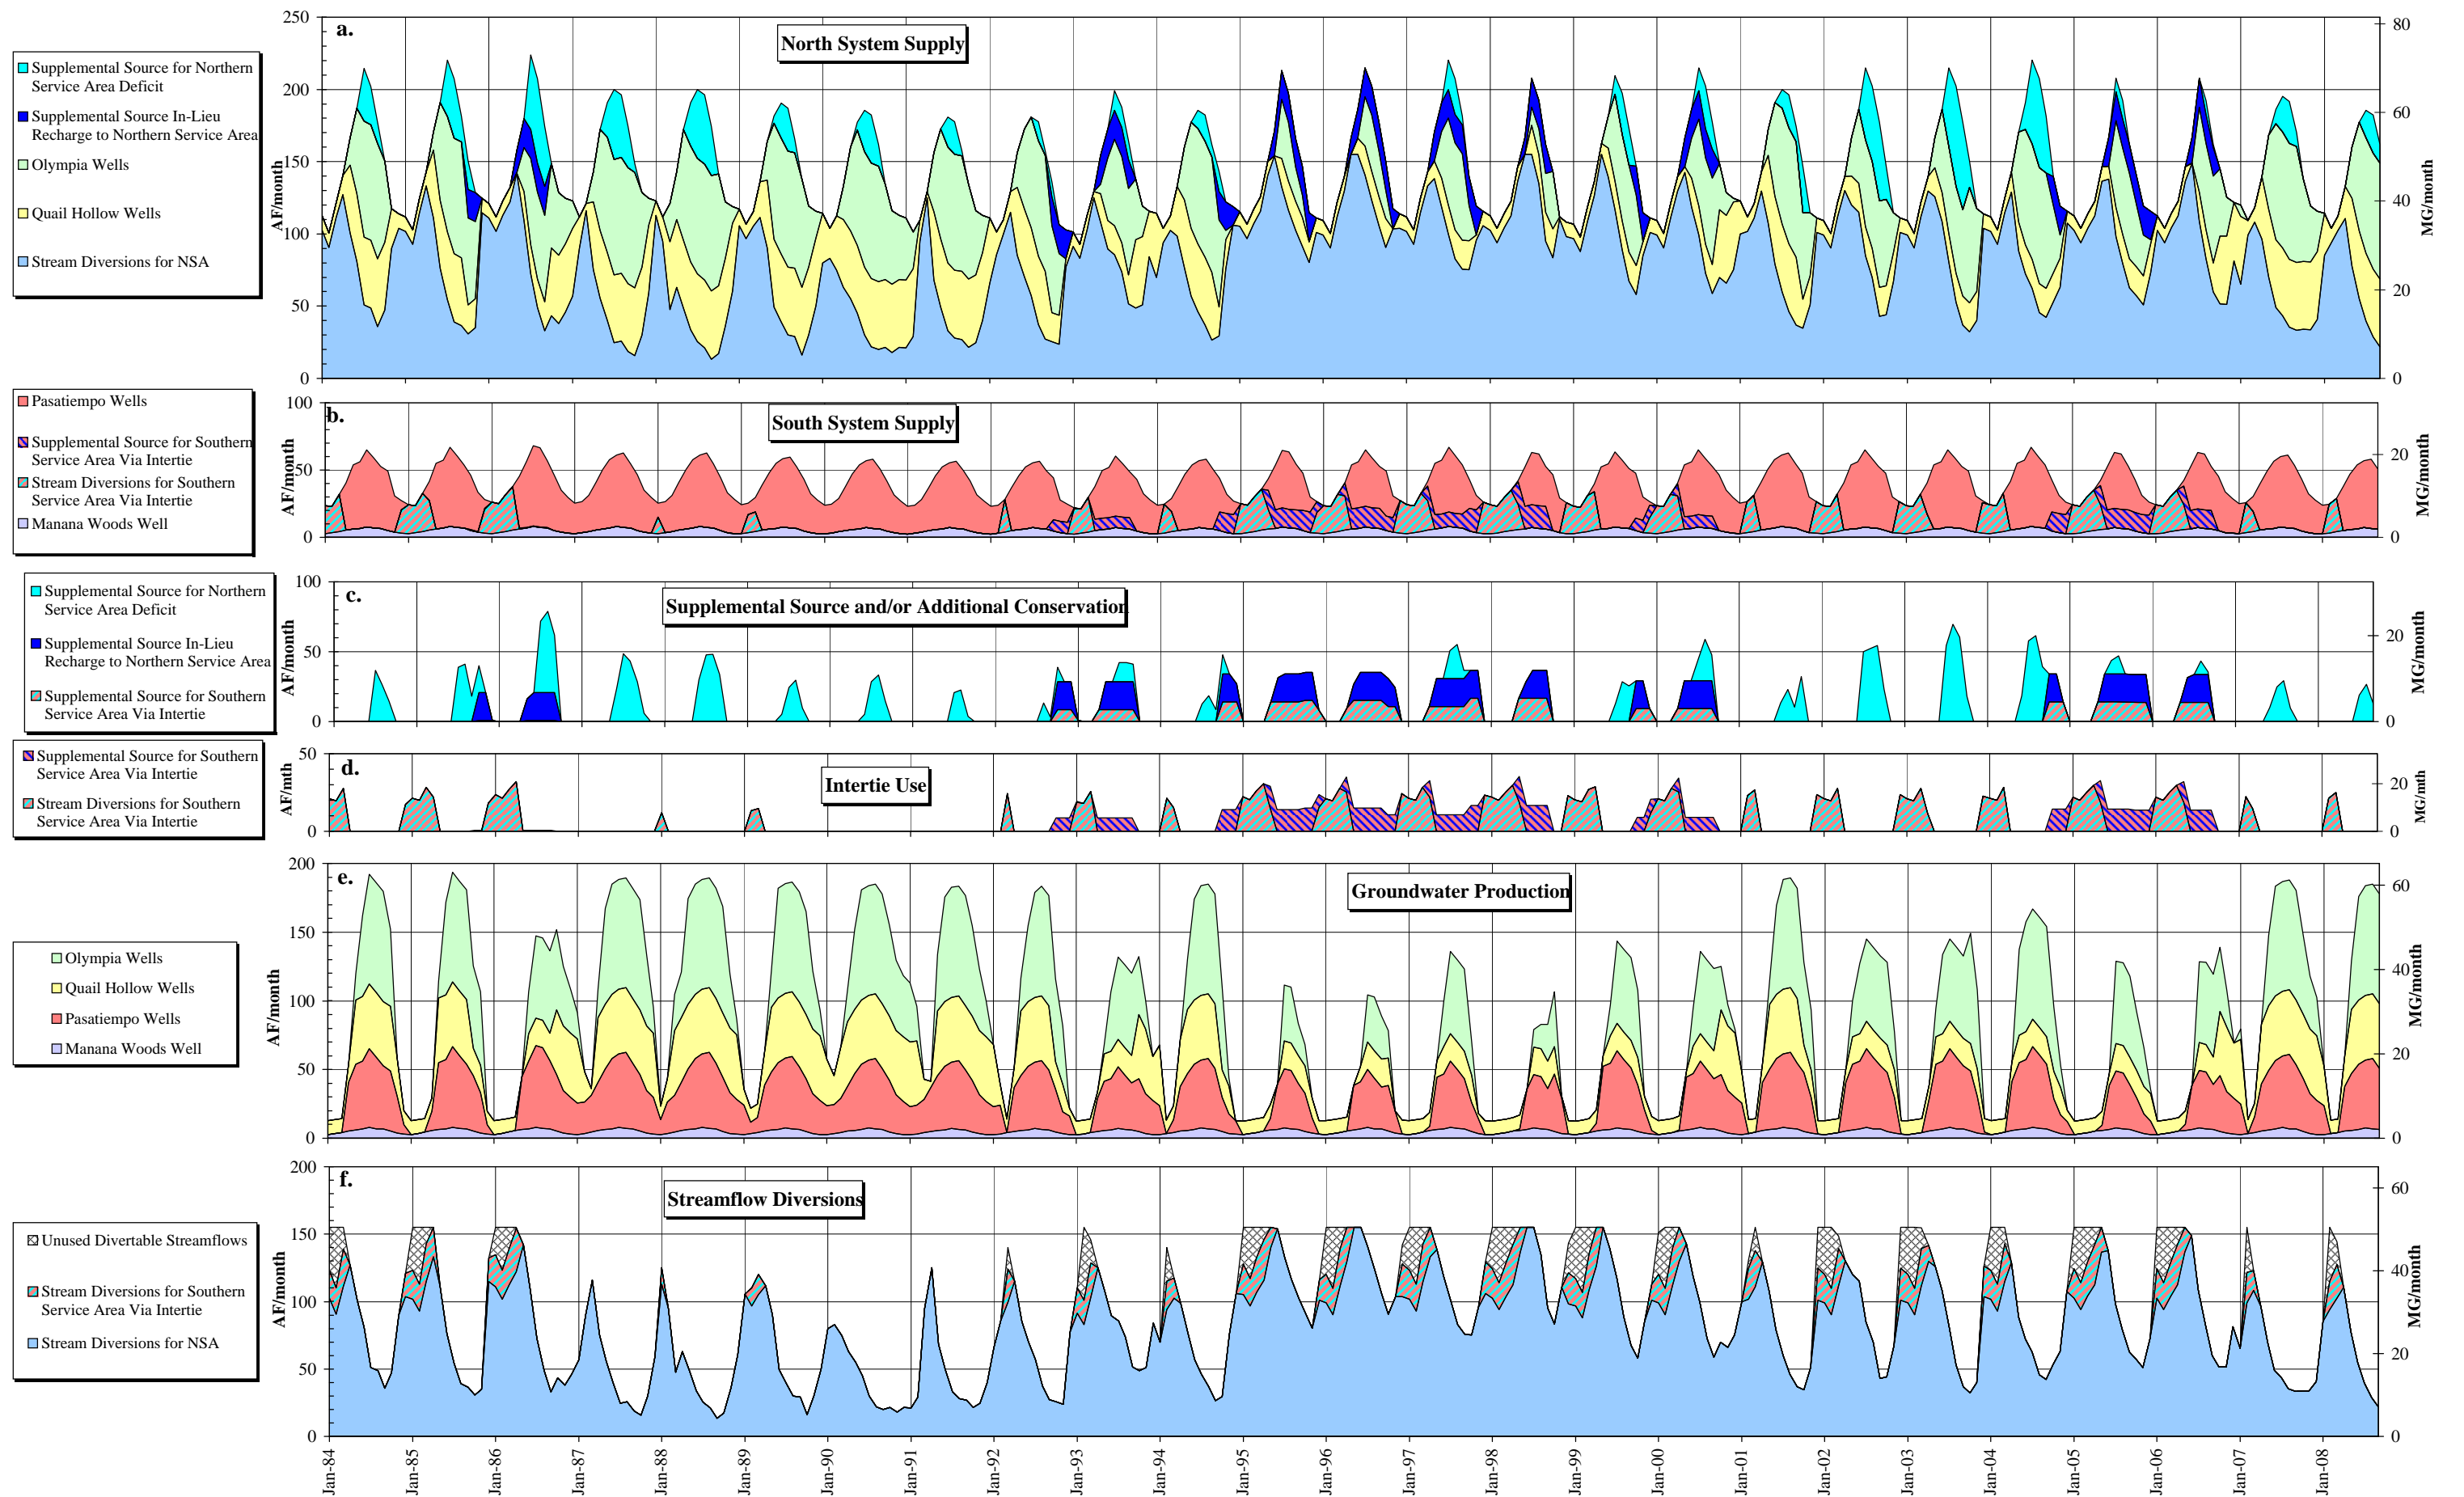

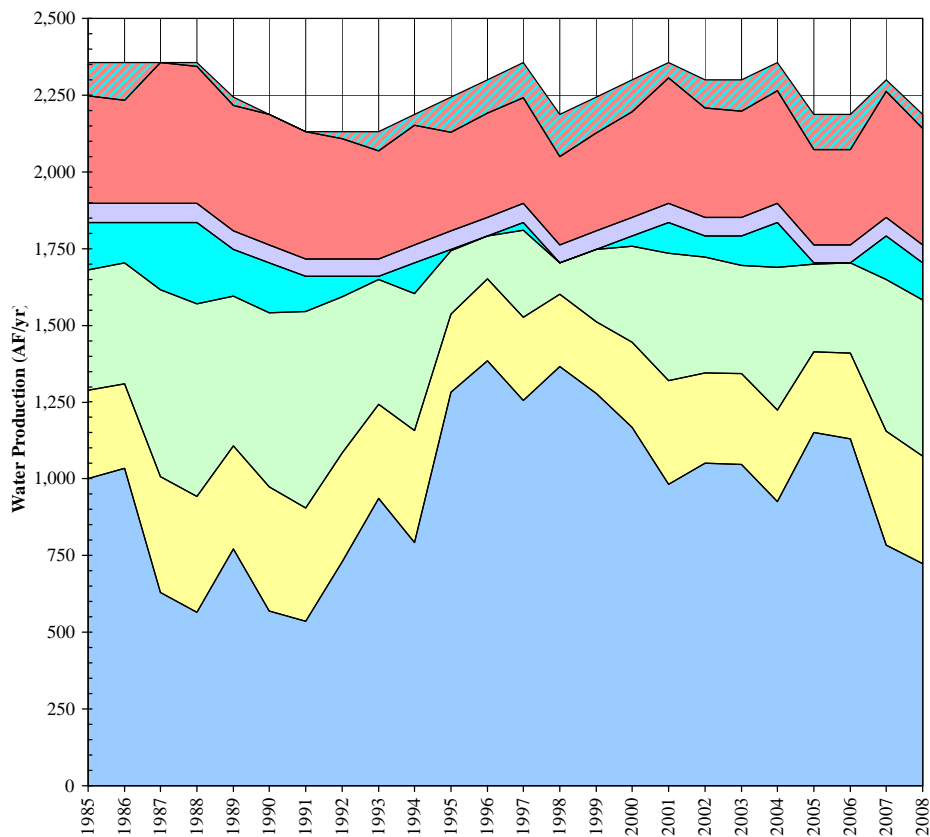

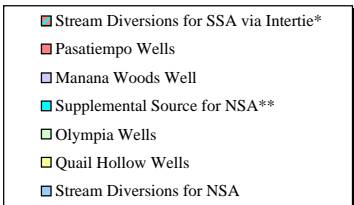

Figure 7-5
SLVWD Monthly Production Assuming 2030 Demand, WY 1985-2008 Climatic Cycle, and Conjunctive Use Scenario B

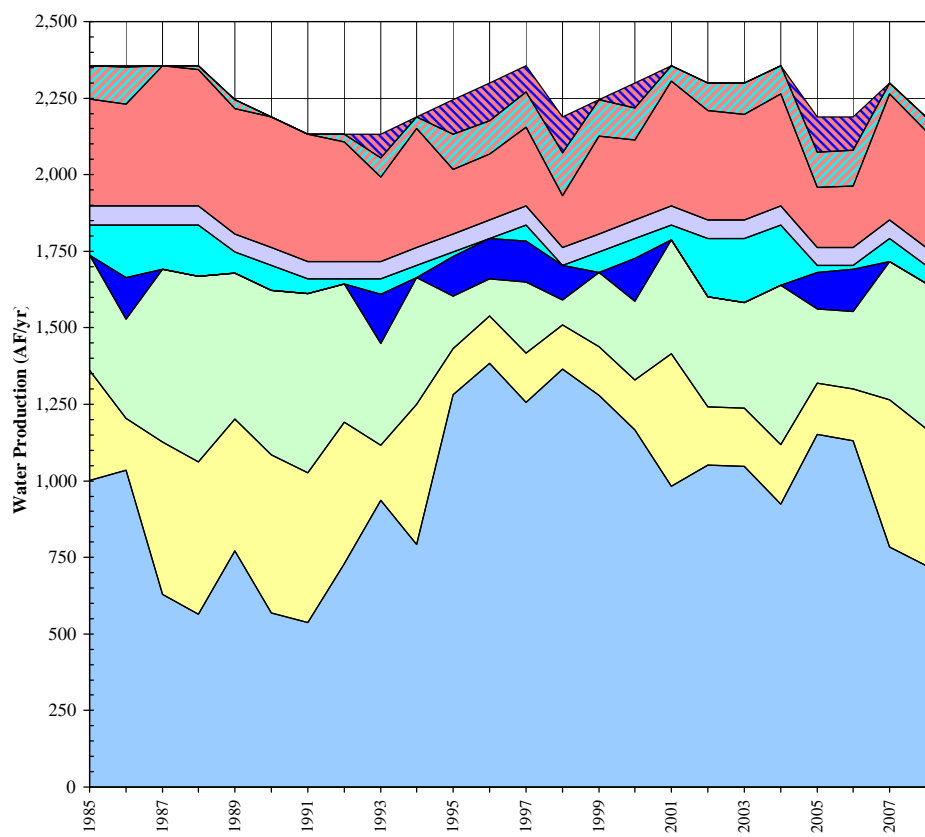

Scenario A

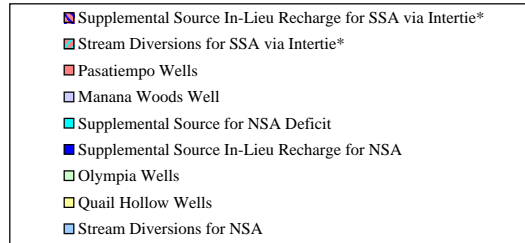

Water Years

Scenario B

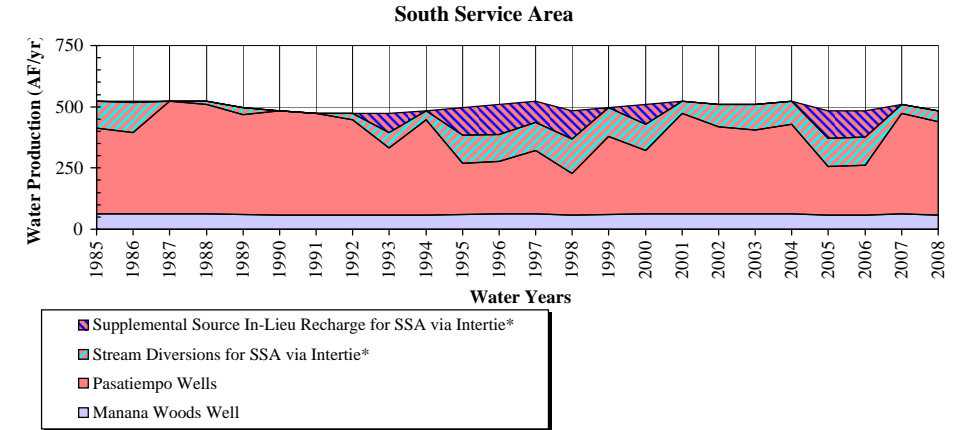

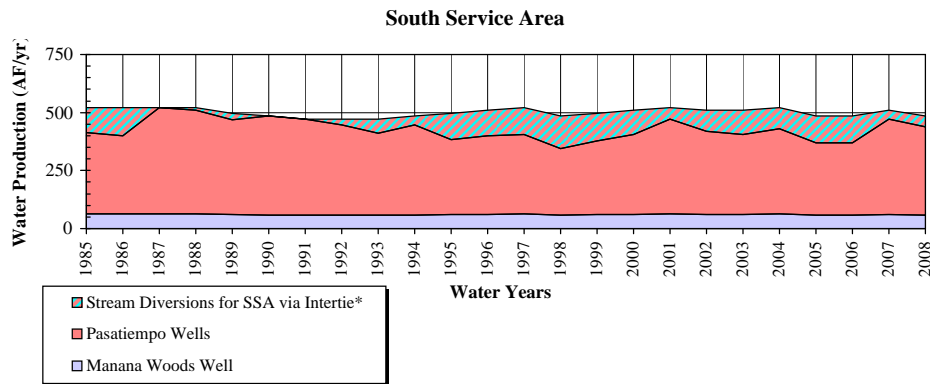

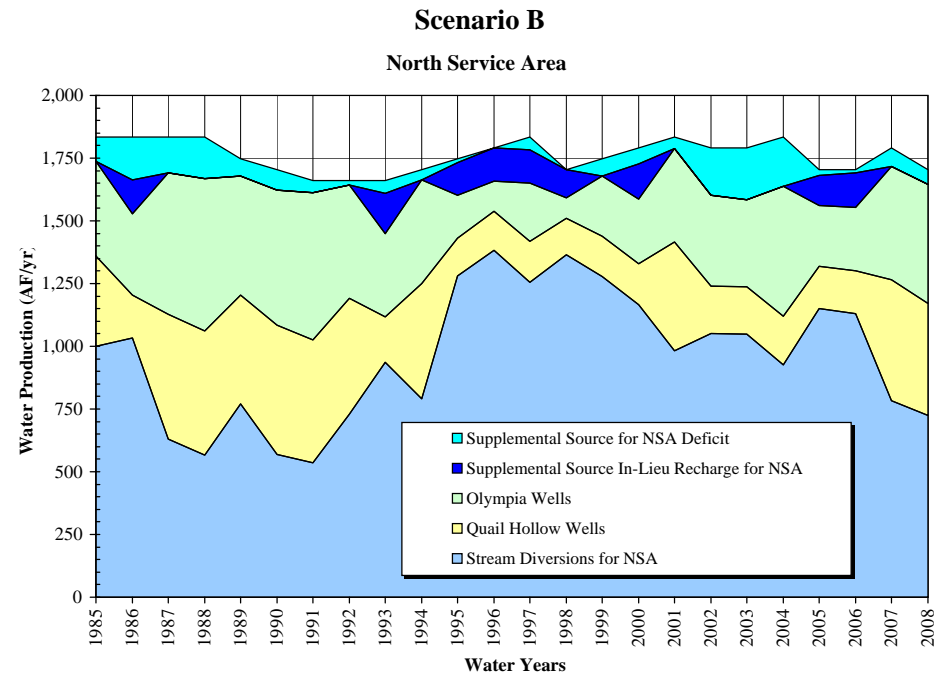

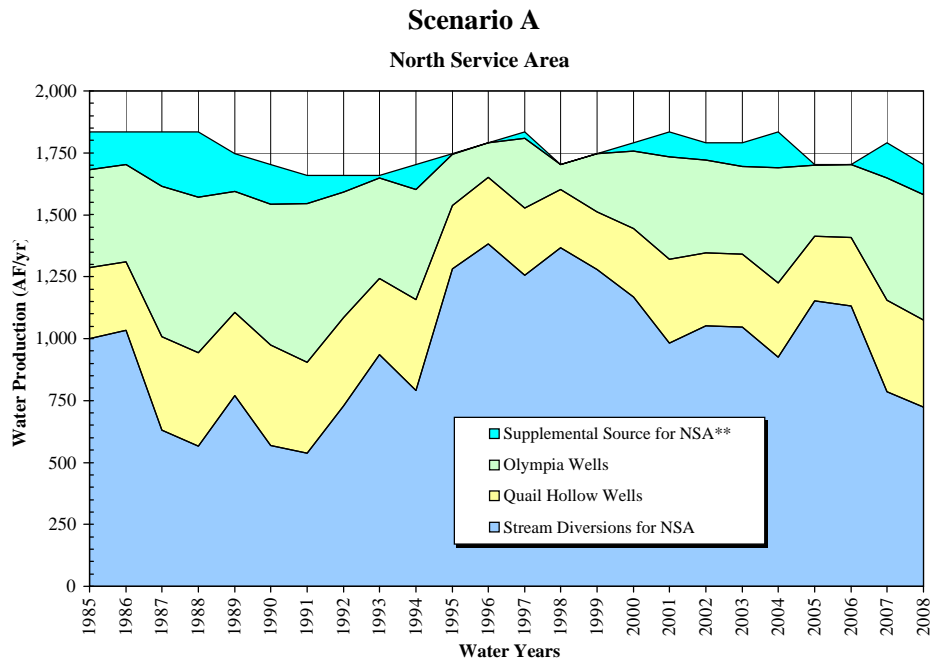

Water Years

Note: Estimates are a result of monthly analyses summarized in Figures 7-4 & 7-5.

Figure 7-6a
SLWWD Annual Production Assuming 2030 Demand, WY 1985-2008
Climatic Cycle, and Conjunctive Use Scenarios A and B

Note: Estimates are a result of monthly analyses summarized in Figures 7-4 & 7-5.

Figure 7-6b
SLVWD Annual Production Assuming 2030 Demand, WY 1985-2008
Climatic Cycle, and Conjunctive Use Scenarios A and B

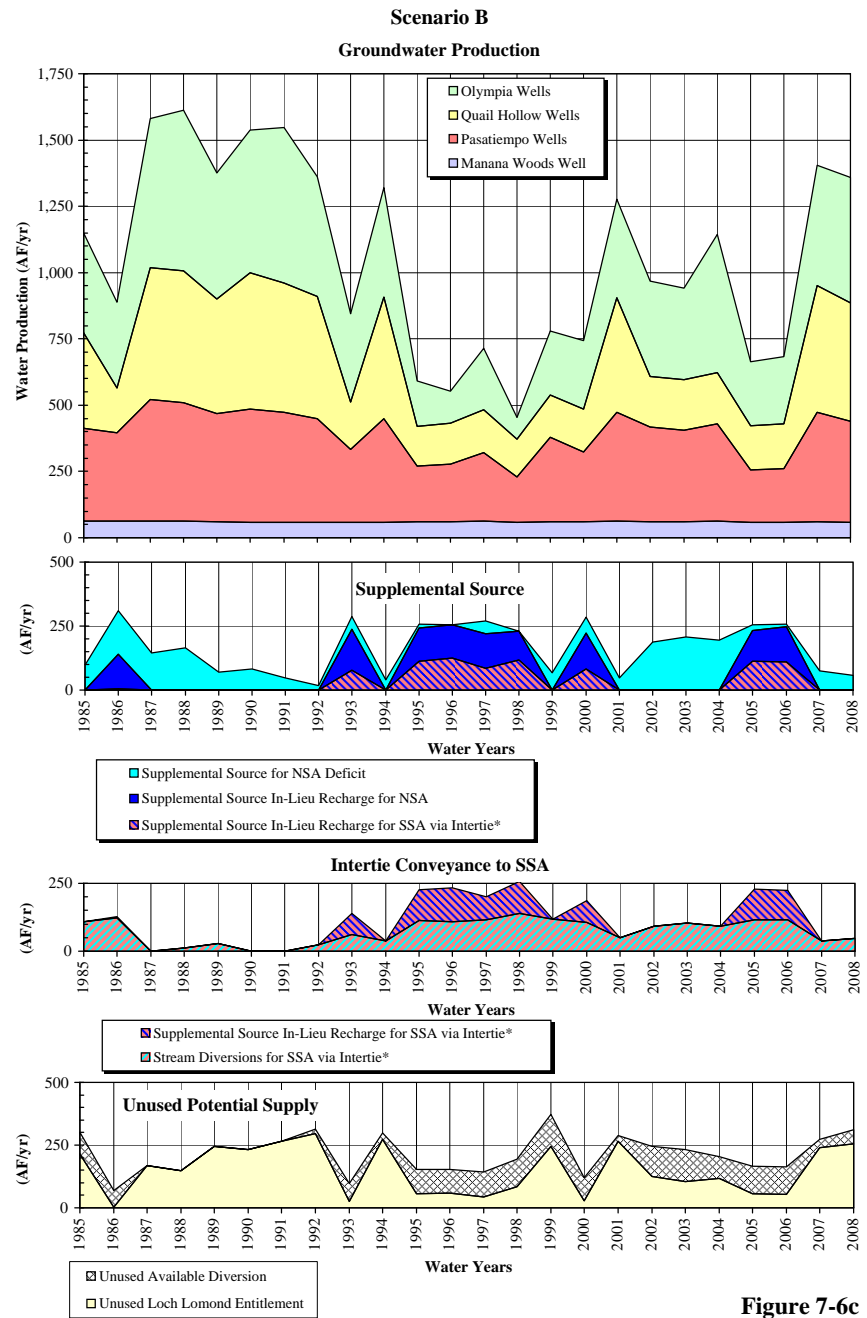

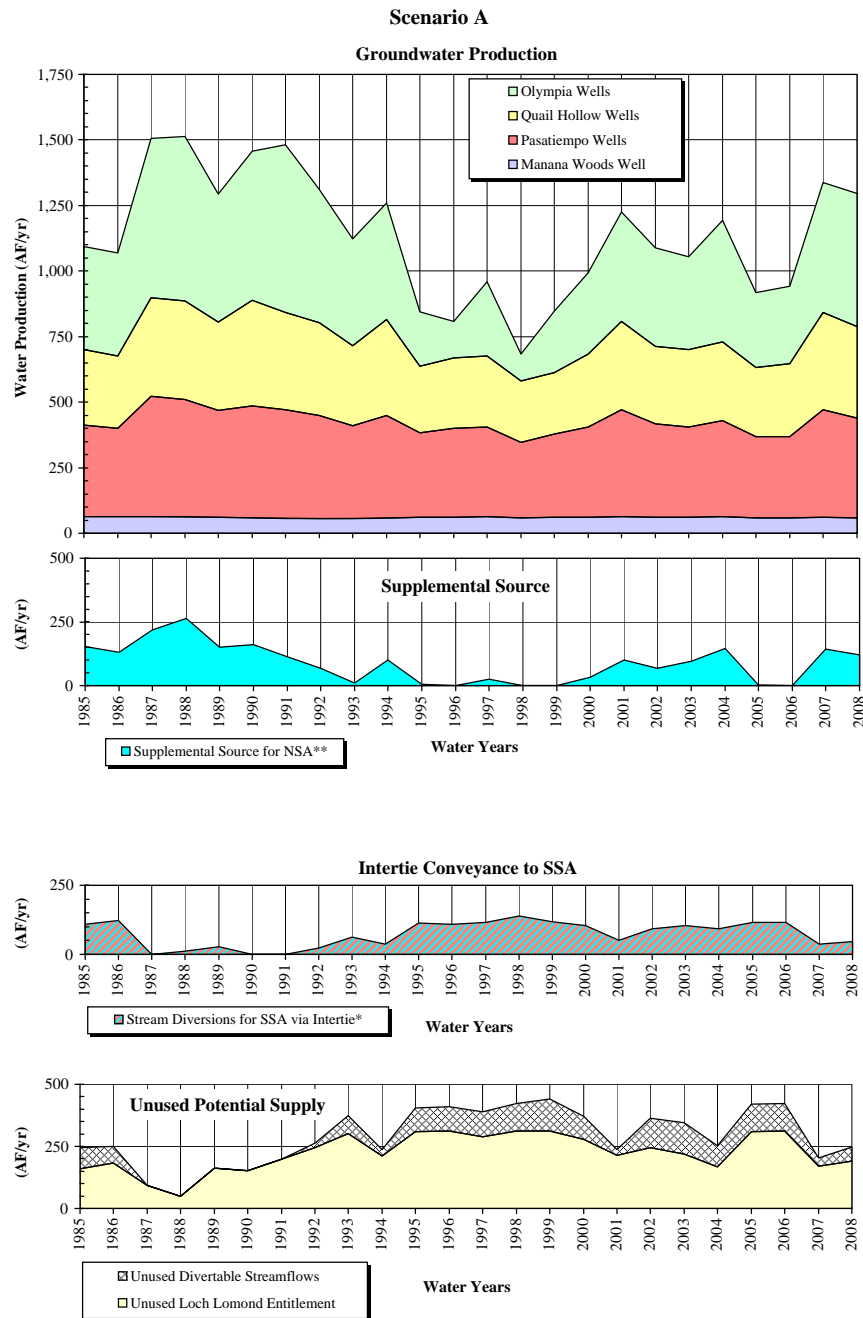

Figure 7-6c
SLVWD Annual Production Assuming 2030 Demand, WY 1985-2008
Climatic Cycle, and Conjunctive Use Scenarios A and B

Note: Estimates are a result of monthly analyses summarized in Figures 7-4 & 7-5.
