

MEMO

TO: District Manager

FROM: GIS/Engineering Technician

SUBJECT: ENGINEERING DEPARTMENT STATUS REPORT

DATE: September 14, 2007

RECOMMENDATION:

It is recommended that the Board of Directors review and file the Engineering Department status report for the week ending September 14, 2007.

BACKGROUND:

Manana Woods Easements

Engineering is working with the District Manager and the Operations Department to complete the acquisition of all the easements required for facilities within the Manana Woods water system area.

Kings Creek Road and State Hwy 9 – 6" Fire Hydrant, 4" Fire Connection and 5/8" Domestic Service

Engineering is working with the owner of APN 084-031-21, located at the intersection of State Hwy 9 and Kings Creek Rd., and his contractor with the preparation of construction plans for the installation of a 6" steamer fire hydrant, a 4" fire service connection and a domestic water meter.

The construction plan, details and parts requirements have been delivered to the Contractor and we are awaiting the required submittals before construction begins.

Wells Road Main Extension – Zayante Area

Engineering is preparing construction plans and specifications for an owner installed 320' 6" water main extension and 6" steamer fire hydrant installation on Wells Road in the Zayante area. The Operations Department and the Zayante Fire Department have approved the planned installation

Water Conservation Signs

Engineering is working with the District Manager and the Operations Manager on the design and placement of the new water conservations signs.
