

M E M O

TO: District Manager

FROM: GIS/Engineering Technician

SUBJECT: ENGINEERING DEPARTMENT STATUS REPORT
WEEK ENDING August 28, 2009

DATE: August 27, 2009

RECOMMENDATION:

It is recommended that the Board of Directors review and file the Engineering Department status report for the week ending August 28, 2009.

BACKGROUND:

CAMP CAMPBELL FACILITIES IMPROVEMENT PROJECT

Staff is working to provide technical support to the project Architect/Engineer's consultant for the relocation of an 8" water main that crosses a small creek located on the Camp property. The existing main was potholed to verify the exact location and the engineering consultant will be preparing the construction plans for this main relocation. Staff will review and approve the plan once completed and will provide onsite inspection during construction.

FELTON WATER TREATMENT FACILITY DRAWINGS

Staff has provided the consulting Engineers with digital versions of the Felton Water Treatment Facility for their use.

VARIOUS PROJECTS

Staff is working to assist several customers and their contractors to provide water system flow information for their domestic water meters and fire sprinkler system installation projects. Staff is adding the Felton water system information to the 800 Scale Water Distribution System Map.
