GAIN AND LOSS SUMMARY

The Estimated Gain and Loss information is provided for informational purposes only and may not be relied upon in making any tax, accounting or regulatory filing or report. We recommend that you contact your tax advisor to determine the appropriate information to be used in the preparation of your tax return. This Estimated Gain and Loss Summary is not a substitute 1099 form (or any other appropriate tax form) and should not be filed with your taxes. The figures should be independently verified. Estimated Gain and Loss information does not take into account a taxpayer's particular circumstances such as the existence of hedging transactions, constructive sales or marked-to-market pricing adjustments on certain options held at year-end.

Please note that although Morgan Stanley makes every effort to adjust the cost basis for such securities' capital changes, it does not adjust the cost basis for all events, including amortization of non-municipal bond premiums; exercise of unlisted stock options; securities deemed to have been sold and simultaneously repurchased; receipt of cash in lieu of fractional shares; or the net effect of wash sales and/or short sales against the box.

For securities not purchased through Morgan Stanley, for example, securities purchased elsewhere and later transferred to it, any data included in the Estimated Gain and Loss information has been provided either by you or another financial institution. Whether provided by you, another financial institution or Morgan Stanley, it is your responsibility to ensure the accuracy of all of the Estimated Gain and Loss information. Please contact your Financial Advisor with any questions or to correct any information.

For Managed Futures and alternative investments, there are likely to be restrictions on redemptions, please see applicable offering document.

With respect to estimated gains and losses for listed equity options, Morgan Stanley has taken into account option premiums paid or received and, in respect to multiple purchases and/or sales, calculated cost using an average unit price for all like positions. Morgan Stanley has made calculations using what appear to be off-setting positions; no assurance can be given that these positions are intended to off-set each other or that they are not intended to off-set other securities positions, in which case the analysis may be different. Morgan Stanley has obtained pricing information from independent sources it believes to be reliable. No assurance can be given that the values given are accurate. Values are subject to change and are as of a given point in time only. Past performance does not guarantee future returns.

This summary is not part of your account statement. It is for information purposes only and should not be used for tax preparation.

Morgan Stanley

Account Valuation	<p>This figure represents the approximate value of your account on a settlement date basis and is computed by adding (1) the market value of all priced positions and (2) market values provided by pricing services and correspondent custodians for other positions, and by adding any credit or subtracting any debit to your closing cash, or money market fund and/or bank deposit balance. Please note, this valuation may be adjusted for the net change in priced asset values for securities held or for the net change in money market balances during the statement period. Your closing cash, money market fund and/or bank deposit balance represents the cash, money market funds and/or bank deposits and reflects the net month end available balance.</p> <p>The Bank Deposit Program Annual Percentage Yield("APY") represents the applicable rate in effect for your deposits at the statement ending date. This APY may be different than the APY that was in effect during the statement period. For current Bank Deposit Program or Money Market Fund yields, go to http://www.morganstanleyindividual.com/AccountOptions/ActiveAssets/InvestmentFeatures/</p>	Margin Interest Charges	<p>Morgan Stanley calculates interest charges on margin loans as follows:</p> <p>(1) Multiply the applicable margin interest rate by the daily close of business net settled debit balance.</p> <p>(2) Divide by 360 (days).</p> <p>Margin interest accrues daily throughout the month and is added to your debit balance at month-end. The month-end interest charge is the sum of the daily accrued interest calculations for the month. Morgan Stanley adds the accrued interest to your debit balance and starts a new calculation each time the applicable interest rate changes and at the close of every statement month.</p>
Availability of Free Credit Balances and Financial Statements	Under the customer protection rules of the SEC [17 CFR §240.15c3-2 & -3], Morgan Stanley & Co. Incorporated may use free credit balances in your account which are payable to you on demand, in the ordinary course of its business. We send summary Morgan Stanley & Co. Incorporated financial statements to you semiannually; copies are also available on request, by mail.	Margin Privileges (not available for certain accounts such as IRAs or retirement accounts)	If you have margin privileges, you may borrow money from Morgan Stanley in exchange for pledging assets in your account as collateral for any outstanding margin loan. The amount you may borrow is based on the value of the eligible securities in your margin account, which are identified by an asterisk(*) on your statement.
Certain Assets Not Held At Morgan Stanley & Co. Incorporated	You may purchase certain assets through Morgan Stanley & Co. Incorporated that may be held at a financial institution other than Morgan Stanley & Co. Incorporated. Assets not held at Morgan Stanley & Co. Incorporated may not be covered by SIPC protection. We may include information about these assets on your Morgan Stanley & Co. Incorporated statement, solely as a service to you and are not responsible for information (including valuation) derived from you or another external source. Generally, any financial institution that holds securities is responsible for providing taxable year-end reporting (1099s) and separate periodic statements, which may vary from our information due to different tax reporting periods. In the case of Morgan Stanley, Van Kampen and external networked mutual funds, Morgan Stanley & Co. Incorporated performs all year-end tax reporting (1099s). Under certain circumstances, such as IRA accounts, Morgan Stanley & Co. Incorporated performs all tax reporting.	Pricing of Securities	<p>The prices of securities displayed on your statement are derived from various sources and in some cases may be higher or lower than the price that you would actually receive in the market. Although we attempt to use reliable sources of information, we can offer no assurance as to its accuracy.</p> <p>For securities listed on an exchange or trading continually in an active marketplace, the price reflects the market quotations at the close of your statement period. The prices of securities not actively traded may not be available. These are indicated by N/A (not available).</p> <p>For bonds trading less frequently, we rely on outside pricing services or a computerized pricing model, which cannot always give us actual market values. Similarly, some annuity values provided by outside sponsors are estimates.</p> <p>The amounts on this statement for limited partnerships are typically obtained from a third party or from the general partners unless Morgan Stanley has obtained other information such as an independent appraisal. Since many partnership valuations are provided only annually, they do not always represent current values.</p> <p>Furthermore, limited partnerships and non-traded REITs are illiquid and have no public markets, so the amounts showing on this statement may not equal the amounts you would receive if you sold your investment.</p> <p>The value of mutual fund shares is determined by multiplying the net asset value (NAV) by the number of shares or units held, as reported to Morgan Stanley by the correspondent custodian. If we cannot obtain a price or estimate, N/A appears. Speak to your Financial Advisor to obtain current information concerning the prices on your statements.</p>
Client's Investment Objectives and Financial Situation	It is essential to advise your Financial Advisor immediately if there is a material change in your investment objectives or financial situation.	Security Measures	Your Morgan Stanley statement features several embedded security elements to safeguard its authenticity. One is a unique security mark—a blue rectangle with the letters MS printed in heat-sensitive blue ink on the front side of every page. When exposed to warmth, the blue rectangle will disappear, and then reappear.
Dividend/Interest (Month/YTD)	These figures represent dividends and/or interest on securities received by Morgan Stanley and credited to your account during the calendar year. As required by law, Morgan Stanley reports to the Internal Revenue Service dividend distributions and taxable bond interest credited to your account. The totals reported are indicated as the year-to-date (YTD) figures on the last statement for the calendar year. In the case of Real Estate Investment Trusts (REITs), Master Limited Partnerships, Regulated Investment Companies and Unit Investment Trusts, some sponsors may reclassify the distribution to a different tax type for year-end reporting (1099).	SIPC Protection	Securities and cash held in Morgan Stanley & Co. Incorporated accounts are protected up to their full net equity value by a combination of coverage provided by the Securities Investor Protection Corporation (SIPC), a non-profit organization created by an Act of Congress, and additional protection purchased from a private insurer by Morgan Stanley (the Excess Coverage). Excess Coverage provides additional protection up to the full net equity value of each account including unlimited coverage for uninvested cash. SIPC protects up to \$500,000 of each client's securities, of which up to \$100,000 may be uninvested cash. SIPC and Excess Coverage apply only to securities and cash in the exclusive possession and control of Morgan Stanley & Co. Incorporated and do not protect against losses due to market fluctuations. Detailed information is available upon request.
Errors and Inquiries	If you do not understand an entry on your statement or suspect an error was made, it is essential that you immediately contact the manager of the office servicing your account. Oral communications regarding any inaccuracy or discrepancy in this statement should be re-confirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act (SIPA). We will consider your statement to be correct unless we receive a written inquiry from you about the suspected error within 10 calendar days from the day on which you received your statement. It is your responsibility to review your statement promptly and to seek immediate clarification about entries that you do not understand.	Taxes	Under Federal Income Tax law, Morgan Stanley is required to report the gross proceeds of sales transactions (including entering into short sales) to you on Form 1099-B by January 31 of the year following the calendar year of the transaction. The information reported on your Form 1099-B for the calendar year should be exclusively relied upon for the purpose of filing your tax return for the year. Under U.S. Internal Revenue Service regulations, if you have not provided us with certification of either U.S. or foreign status on an appropriate Form W-9 or W-8, your account may be subject to either 28% backup withholding or 30% nonresident alien withholding, as applicable, on payments made to your account.
Estimated Annual Income and Yields	Estimated annual income and yields are calculated by annualizing the most recent distribution and do not reflect historic experience or projected future results. Since the rates are subject to change at any time, they should not be solely relied upon for making investment or trading decisions. You should consult with your Financial Advisor to obtain accurate, current information so you can make an informed decision.	Transaction Dates	All transaction dates on this statement are the transactions' settlement dates. In the case of unsettled trades, we list the trade date instead of the settlement date with a notation that the trade is unsettled. Upon written request, Morgan Stanley will furnish the date and time of a transaction and the name of the other party to a transaction.
Listed Options	Information with respect to commissions and other charges related to the execution of options transactions has been included in confirmations of such transactions previously furnished to you and such information will be made available to you promptly at your request.
