TO: District Manager

FROM: Director of Operations

SUBJECT: Operations Department Project Status Report
Week Ending June 9, 2006

DATE: June 09, 2006

RECOMMENDATION:

It is recommended that the District Manager review and file the Operations Department Project Status Report for the week ending June 9, 2006.

BACKGROUND:

Manana Woods

The reporting period consisted of Water Consultation and water meter installations in the Manana Woods Water system. To date 36 consultations have been completed and staff is working close behind installing new water meters and 49 consultations are scheduled to be completed. Water Quality staff is spending time familiarizing themselves with the water treatment process gearing up for the July 01, 2006 change of ownership.

District Wide Vulnerability Assessment

Staff completed the Public Health Security and Bioterrorism Preparedness and Response Act of 2002 (Vulnerability Assessment) and sent to Environmental Protection Agency as required. The assessment reviews facilities district wide in regards to vulnerability to acts of terrorism, potential for losses, random cyber attack, vandalism, civil unrest and sabotage. The assessments also address areas that security can be improved to limit potential threats.
