

M E M O

TO: Board of Directors

FROM: District Manager

PREPARED BY: Environmental Planner

SUBJECT: Environmental Department Status Report

DATE: September 17, 2020

RECOMMENDATION:

It is recommended that the Board of Directors review and file the Environmental Department status report.

SUSTAINABLE WATER SUPPLY PLANNING (ONGOING)

The District is working on a multi-tier effort to optimize operations, sustainably manage water supply and diversify the District's water supply portfolio to ensure a resilient water supply as we adapt to a changing climate through the following efforts (details on each effort within staff report below):

- Water Conservation (due to CZU Lightning Complex fires heavy push for remaining months of 2020)
- Improving System Efficiencies through Conjunctive Use (Using surface water when available to rest and recharge groundwater sources)
- Capital Improvement (increasing pipeline sizes, reducing leaks, and increasing storage tank capacities)
- Permit Intertie Pipelines to optimize operations and sustainably manage water supply.
- Sustainable Groundwater Management (SMGWA.ORG)
- Climate Adaptation and Mitigation (The Climate Registry)
- Exploring New Groundwater Supplies

CONJUNCTIVE USE GRANT

- Fisheries assessment complete - available on website [here](#).
- Public engagement Workshop with Mike Podlech (aquatic ecologist) on the fisheries assessment was completed at the June Environmental Committee meeting.
- Water right changes in beginning stages; working with legal. Meeting scheduled with all associated agencies for October 2020.
- Meetings with resource agencies in the process of scheduling
- CEQA internally being discussed. Aiming to have final CEQA direction and RFP released for bid in October.

- The complete Conjunctive Use Plan is 90% finished and should be available for public review by September.

URBAN WATER MANAGEMENT PLAN (UWMP)

The UWMP is a public planning document required of urban water suppliers every five years to ensure that adequate water supplies are available to meet existing and future water demands.

Request for Proposals (RFP) released in July 2020. Then pulled to work on a joint effort with Scotts Valley Water District. A joint RFP is planned for release in August.

Joint UWMP RFP completed and will be posted mid-September. Pending legal counsel review.

STREAMFLOW, TEMPERATURE AND RELATED OBSERVATIONS FOR THE SAN LORENZO VALLEY WATER DISTRICT'S SURFACE SOURCES OF COMMUNITY WATER SUPPLY *WATER*

WATER YEAR 2020

BOD approved WY 2020 monitoring of stream flow in water supply streams in June. Staff is working on a water right agreement with the SWRCB for the Lompico Creek water right; using this data.

BALANCE HYDROLOGICS DATA

Monitoring has supported the Fall Creek fish ladder project, conjunctive use studies and various agency compliance in WY2019. Staff is internally reviewing the water year 2018 & 2019 data reports. Once finalized these reports will be available for the public. If recommended a public work shop can be held to discuss these data.

During the CZU Lightning Complex fires a majority of Balance Hydrologics gauges were lost and will need to be reinstalled. Discussion of Balance Hydrologics monitoring turbidity upcoming.

SANTA MARGARITA SUSTAINABLE GROUNDWATER MANAGEMENT AGENCY (SMGWA.ORG)

Montgomery and Associates the Technical Consultant has been working on the following:

- Correct the deficiencies identified in the hydrologic model.
- Assist with the technical writing of the Sustainable Groundwater Management Plan.
- Explore the concept of Management Areas.
- Determine Sustainability Criteria.

Agency staff is working on reviewing the GSP sec 2: Plan Area and Basin Settings.

Office hours with agency staff are being offered to the BOD

The District will begin to incorporate SMGWA updates on its social media pages, newsletters and BOD agenda packets monthly.

The agency is also hosting a summer youth education program. Find details [here](#).

The next SGMWA Meeting is scheduled for September, 24th at 5:30 PM. For more information <http://smgwa.org/>. Due to the circumstances regarding the ongoing shelter-in-place orders all Agency meetings will be held in an exclusively remote-access format until further notice.

ENVIRONMENTAL COMPLIANCE - CAPITAL IMPROVEMENT PROGRAM

SANDHILLS HABITAT CONSERVATION PLAN FOR THE SAN LORENZO VALLEY WATER DISTRICT CAPITAL IMPROVEMENT PLAN

District is preparing a Habitat Conservation Plan to mitigate the impacts to listed species in sandhills habitat which result from the District's Capital Improvement Projects. This approach will greatly reduce the timeline and cost for project permitting compared to preparing individual HCPs for each project or site. Draft will be completed in December 2020. Staff & Jodi McGraw had call to discuss HCP process on August 3rd. The draft version of the plan is aimed for completion in December 2020.

The Olympia Conservation Area Management Plan was completed by May 31st 2020 and is available for public review as of July 18th, 2020. Staff has reviewed and provided feedback. Jodi McGraw presented the plan to the Environmental Committee in July. USFW has reviewed and worked with staff on final revisions. Revisions have been completed and the final plan will be available for public review in October.

An end of fiscal year invasive vegetation removal was completed by Environmental & Operations staff in June in the establish Olympia Conservation Area.

CIP PROJECT PERMITTING

Staff is working to secure permits for the following Projects:

Fall Creek Fish Ladder Project (all permits in process - CDFW's agreement received August 2020 - awaiting NMFS determination)

Lyon Treatment Plant Access Road Slide (FEMA funded)

Swim Tanks Replacement (Redwood Park Tank) (IS-MND public review extended)

5 Pipeline Project (Highway 236/Douglas/Quail Hollow Road)

Tank Recoatings

Felton Acres Tank

WATERSHED MANAGEMENT/ STEWARDSHIP

FIRE MANAGEMENT PLANNING ON DISTRICT WATERSHED LANDS

In August 2020 the San Lorenzo Valley experienced significant fire damage during the CZU Lightning Fire Complex fires. Approximately, 1600 acres along the Ben Lomond Mountain were burned. The Environmental Planner, District staff, the County of Santa Cruz, and Cal Fire are working on erosion control, restoration, and hazard tree removal.

The Cal Fire Watershed Emergency Response Team has completed their report and should be available for review by 9/18/2020.

District staff have been evaluating burned areas with emergency construction contractors, registered foresters, erosion control specialist, geologists, Cal Fire, and the County of Santa Cruz.

Prior to the CZU fires staff was working to prepare a Fire Management Plan through partnership with Panorama Environmental INC. The plan will improve mapping, road access for fire personnel and improve communications with Fire Prevention Agencies. Mapping proved valuable during the fires; help the District prepare for fire moving through the area, giving Cal Fire access to facilities, and Staff is also working to create a post-fire plan to ensure the most efficient recovery of District's water resources following the CZU fire event.

Contract with Panorama awarded in March 2020.

Panorama has begun mapping priority infrastructure and lands. Next steps will include securing grants and begin plan preparation.

All data for GIS mapping received by consultant in April 2020. Internal mapping data portal initiated. Panorama & staff have begun to work with local agencies & organizations to secure regional grants. Panorama & staff will be submitting an application for CalFire's CFIP grant program and submit projects for Coastal Regional Prioritization Group (CRPG) Regional Prioritization Plan Survey. CFIP application should be ready for submission by end of July. CFIP application has been submitted and CALFIRE has reviewed. Additional information will be provided to CALFIRE before their funding determination.

Prometheus Fire Consulting (sub-contractor) began site visits on June 9, 2020 starting with the District's most vulnerable poly & redwood tanks. These site visits were completed in July; including vulnerable pipelines.

Site visits with contractors interested in bidding the vegetation removal work will begin in August.

Staff had a call with the Santa Cruz RCD to work on District projects to be prioritized with the Coastal Regional Prioritization Group.

INTERGRATED PEST MANGEMENT POLICY (IPMP)

First draft of IPMP was reviewed by staff March 2020.

Second draft completed in April 2020. The Environmental committee approved the draft at the May Committee meeting to be brought to the Board of Directors (BOD).

BOD & Public received the draft at the June 4, 2020 BOD and approved the policy.

Staff is working on final edits to release to website and begin implementation.

Internal meeting scheduled for staff to begin cataloging all pesticides/rodenticides /herbicides used and begin implementation of policy throughout District sites.

PG&E

PG&E letter was approved at the May 7th Special BOD meeting & was sent to the approved contacts by end of May 2020. PG&E has responded to the letter and it was included in June's BOD agenda.

PG&E is interested in mitigation for Sandhill species on District lands. PG&E could potentially provide funding for restoration of District lands. Staff is working with PG&E and Ecologist, Jodi McGraw.

OLYMPIA PATROL

The Land Trust of Santa Cruz County alerted the District of the upper equestrian loop being overgrown at the Olympia property. Operations is working with a consultant to clear the over-growth and maintain the trail.

New fencing and cameras were installed in April 2020 to prevent mountain biking destruction on the Olympia property.

As of August no destruction recorded in patrol reports.

WATER CONSERVATION

REBATES

Funding for the District's rebate Program has been fully committed for fiscal year 2019/2020.

On July 1st (new fiscal year) customers are able to apply for the rebate program.

Water Conservation "Conserve to Preserve" signs to be posted in the valley.

Social media postings on water conservation taking place 1-2 times a month.

Due to the CZU Lightning Complex Fires the District will be focusing on conservation messaging for areas with reduced storage. Ben Lomond and north.

SANTA CRUZ COUNTY WATER CONSERVATION COALITION

Value of water campaign - focus on importance of infrastructure underway. Radio ads planned for June 2020. Outreach materials to be provided.

District staff provide photos and facts on infrastructure for the Value of Water campaign. Website is being updated with provided information.

Updated shared website - watersavingtips.org

PUBLIC OUTREACH

CHATTERBOX PR

Chatterbox's role in outreach & communications was increased in August due to the CZU Lighting Complex fires and limited available staff hours due to fire response. Chatterbox is working with staff on daily updates, distributing information to press, social media sites, and print sources. Chatterbox has also been instrumental in coordinating media interviews with staff for news broadcast and articles. Chatterbox also developed a process to involve all stakeholders with informational updates (including daily media updates), interview schedule, and how to use social media in a crisis guideline.

Since August social media sites have grown as follows:

Facebook went from 1457 to 1923 (post engagement from 8/01 - 9/14 was 26,587 compared to 6/1-7/31 engagement of 1700)

Instagram went from 124 to 175

Twitter went from 22 to 162

All outreach efforts have shifted to fire response. Moving into October regular posting will return.

September outreach (as of September 14) includes:

Daily updates on operations and fire response

Water Conservation for affected areas

Volunteer & donation opportunities

Redwood Park Tank IS-MND extension notices

DND/DNB notices

Media interviews

Water bottle cases & fill station updates

Prior to August 2020:

Chatterbox reviewed the April 2020 customer survey and is working on a FAQ to respond to all comments made by the public. Chatterbox presented its findings and plan to the BOD & public on June 4. The FAQ was released on August 15th in the District's newsletter.

A media tour was conducted of three facilities; Bennet Springs, Lewis Tank construction, and Olympia Conservation Area in August. Media contacts were established with staff and sites. Interviews with staff to follow.

Chatterbox is providing social media reports to staff monthly. These reports summarize social media activity, population data, popular posts, post interaction, and audience growth. Staff is working to incorporate this information into memos on either BOD or Committee levels.

Staff & Chatterbox are also working on a COVID update for the District's website.

August outreach (as of August 11) includes:

August E-newsletter

Fire Management update and residential preparedness
Fire response
Media interviews
Rate assistance program social media posts
Redwood Park Tank IS-MND notices on website & in Press Banner
FAQ (website & enewsletter)
District quick facts (website)
Autopay raffle signup
Finance Committee new public members press release
Auto-pay & online billing campaign
Santa Margarita Groundwater Agency Youth Education program social media post

July outreach planned includes:
Lompico Assessment District Annual Report
July E-newsletter
Auto-pay & online billing campaign
Low-income program
Lewis Tank Project Updates
District Public meeting social media posts (on-going)
Leak detection
Water quality - switching to wells post
Lompico Tanks update

June outreach includes:
Creation of District Twitter
Auto-pay signup campaign
Survey Results press release
PG&E PSPS - generators press release
Aerator Donation 'thank you' Social media post
Various social media updates
Committee meeting summaries
COVID update video
BCBA Facebook feature
PSPS & generator update
District Public meeting social media posts (on-going)
Infrastructure project update
Prepared Not Scared - fire preparation mailer (paid by Fire Safe Council)

May outreach includes:
COVID-19 Updates
Customer Survey
Customer Confidence Report
Santa Margarita Groundwater Agency Update
System Flushing
Earth day

April Outreach included:

COVID-19 Updates (including article in Press Banner April 3rd, 2020)
Bear Creek Slide Construction Update
Customer Survey
Customer Confidence Report

March outreach included:
COVID-19 Updates

UPCOMING EVENTS

None - due to Shelter in Place Order

CLIMATE ADAPTATION

The District renewed its membership with the Climate Registry

NETWORKING & COLLABORATIONS

SANTA MARGARITA GROUNDWATER AGENCY- <http://smgwa.org/>

Under the Sustainable Groundwater Management Act of 2014, over-drafted groundwater basins need to be sustainably managed by a Groundwater Sustainability Agency (GSA) through the development of a Groundwater Sustainability Plan (GSP). The GSP must be completed by 2022, and the basin must reach sustainability by 2040.

FIRE SAFE COUNCIL OF SANTA CRUZ COUNTY <https://www.firesafesantacruz.org/>

Staff represents SLVWD and participates as one of the Directors on the Community Outreach Committee.

District Environmental Planner represents SLVWD on the Board of Directors

WEED MANAGEMENT AREA OF SANTA CRUZ (WMA)

The Weed Management Area of Santa Cruz (WMA) meets 4 times annually. The group is working on the Strategic Plan, and prioritizing efforts for Santa Cruz County, and working to acquire resources to achieve the goal of fighting invasive species that impact biodiversity.

SAN LORENZO 2025

San Lorenzo River 2025 is a collaborative effort focused on addressing the risks facing the San Lorenzo River over the next ten years. Through a partnership between local governments, water districts, the Resource Conservation District and local nonprofits, San Lorenzo River 2025 seeks to achieve **reliability** of water, **restoration** of watershed habitats, and a **resilient and safe** community resource. This effort will increase both the pace and the scale of investment into the San Lorenzo Watershed.

WATER CONSERVATION COALITION

<http://watersavingtips.org/>

The Water Conservation Coalition is a partnership between all the local Water Districts in Santa Cruz County as well as the County Water Resources Division, Ecology Action and other groups who share a passion for water conservation and public education. Our goal is to combine efforts and share resources to provide a common message about water conservation issues to residents throughout Santa Cruz County.

SANTA CRUZ STEWARDSHIP NETWORK (SCSN)

<http://scmsn.net/>

The Santa Cruz Mountains Stewardship Network is a region-wide and cross-sector collaboration of independent individuals and organizations who are committed to practicing effective stewardship on their own lands and coordinating their efforts with other land stewards to enhance stewardship on a regional level.

Working with network to facilitate fire management grants.

The District's Environmental Planner represents the District.
